# Benefits of Fyorin's Reseller Partnership Program

## New revenue streams

Earn commission on your clients' transactions through the Fyorin platform. The higher the volume, the bigger the rewards for you.

## Priority support & feedback

Both you and your clients will enjoy a hands-on, ongoing support from our dedicated customer success team. We will also improve our product based on your feedback.

## Lasting client relationships

Streamlined financial operations mean happier clients. Solve their biggest challenges with native integrations and a modern, innovative product.

## What our partners are saying about us

“ Together, we're bringing a holistic approach to financial operations, combining Scope's expertise in accounting solutions with Fyorin's innovative platform. This partnership empowers our clients with an integrated, efficient, and comprehensive system that not only simplifies their financial processes but also offers real-time insights for smarter decision-making.

**Brian Ferris, Co-Founder, Scope**

# Why partner with Fyorin?

## Expand Your Product Offering

Boost your service offering with a unified financial operations platform that seamlessly syncs with your clients' current accounting system or ERP with a native integration and one API to seamlessly connect all your client's bank accounts. Fyorin's platform is built to support your clients' growth, whether they expand locally or globally.

## Drive Profitable Growth

Expand your revenue streams and increase customer lifetime value. Fyorin lets your clients manage their financial operations from one place leading to longer-term contracts for you. We will also introduce your offering to our clients, further expanding your reach.

## Seamless integrations with minimal set-up

Our platform natively integrates with leading ERPs and accounting tools, helping your clients get set up and connected within minutes. Forget clunky software and endless error messages—our single API streamlines workflows by consolidating data from all client bank accounts in one place, removing the need for multiple, constantly changing bank integrations. Download our factsheets to learn more.

## Premium Support

Your clients will receive dedicated support from our customer success team to maximise the value of your software and the Fyorin platform. From onboarding to ongoing assistance, we ensure all needs are addressed, fostering long-lasting customer relationships.

## Simplified Go-to-Market

Benefit from our go-to-market resources, marketing collateral, sales enablement tools and co-marketing opportunities. We'll provide you with everything you need to promote Fyorin's solutions giving you a competitive edge in your market.

## Your Path to Global Financial Excellence Starts Here

Join our network of partners and deliver your clients a unified financial experience for better control and governance
